Branch Head shall forward the request of concession to appropriate authority with proper justification for availing above concessions through respective Zonal Office.

Charges for Bulk Business and Delegation of powers for consideration of these charges:

In metro and big cities a lot of forex transactions are handled on collection basis. This is volume business and these companies shop for flat rate per transaction instead of percentage basis. Based on the competitive quotes this business is routed through the Banks. This business is normally over and above committed in consortium and is commission rate sensitive. It is therefore proposed to follow following structure for these collection basis with strict monitoring on quarterly basis:

Committed volume per quarter	Flat Rate per bill irrespective of Amt	Sanctioning authority
No. of Bills above 50	Rs. 2000 + swift Charges @ Rs. 300/-	ZLCC of ZM

Rationale: To Extend the Benefits to MSMEs and mid corporate customers while ensuring that overall commission of the Bank remains intact.

The above delegation would be used only with an intention to increase the volume and commission. The regular business committed under consortium would not be considered for the above. This would be adhoc sanction for the additional business. Review of the committed volume would be taken at each quarter, in case there is short fall of more than 10%, the commission would be worked out at 1.5 times of the approved rate and the difference would be recovered. This schedule would be used only for generating additional income subject to strict monitoring. All these sanctions would be sent to TIBD who would conduct quarterly review and submit the note to the concession sanctioning authority for review.
